Name:

Phone number:

Email:

Preferred working days: M, T, W, Th, F, Sat, Sun

Number of hours per week:

Preferred Pronouns:

If you are differently-abled tell us how we can make you comfortable?

1) Please tell us why Ubuntu Women Shelter?

2) What do you love doing in your spare time? (cooking, eating, telling and writing stories. Learning languages, meeting women who will change the way you look at the world !! and ... IT, social media, admin, telephone,

2

fundraising, events planning and organization, writing funding applications, dissemination and awareness raising, community engagement and outreach,)

3) Share with us stories about your life that will make us laugh and cry -

We will:

- Cover reasonable travel expenses if you are destitute and/or in the asylum system (we believe you no evidence required);
- Provide Certificates of Training and write reference letters;
- Provide translation of materials into your language;
- Run regular well-being/People of Color readings sessions;
- Organize regular workshops updating you about changes in destitution policy, the hostile environment, the immigration system;
- Organize regular gender, racial and sex-worker sensitivity trainings.
- Keep your personal information in a password protected computer and will not share any of this information with any third parties - we may use anonymous data for funding applications (for example – the number of volunteers we have at any point in time)
- Feed you copious amounts of healthy home cooked food (so let us know about allergies and preferences)

I declare that I have not been involved in disseminating the views, objectives, policies, and/or undertaken paid or voluntary work with any department, individual or private enforcement agency associated with and/or directly or indirectly funded by the Home Office and UK Border agencies.

I declare that I will not sell or disclose information to the Home Office, the Press, Immigration and Law enforcement, Political parties and any other third parties (unless directed to as part of my work at Ubuntu).
